## Clubs Hear Bridgers

Baylor Coach John Bridgers Wednesday captivated a Cameron club crowd of Kiwanians, Lions and Rotarians at First Methodist Fellowship Hall.

Joshing Baylor and himself for a "great" season in 1959, Bridgers predicted an improving Baylor football in future years and named off a rugged schedule for the Bears in 1960.

"We would have had a great year if they hadn't kept score," Bridgers said of the 1959 Baylor showing of four wins. "We were first in total offense, yards passing, pass defense and other departments."

He cited the handicap of not winning a Southwest Conference championship since 1924, the year, he smiled, "that at least 150 ex-Baylor students that I've met played on the squad."

Introducing the Baylor grid coach and athletic director was Bassel Wilson, program chairman for the special Rotary program.

Rotary President George Child-

ress introduced five members of the 1916 Cameron High School basketball team that included: O. B. Horstmann, A. E. Matula, Paul Laake, Claude Triggs and Childress. He also introduced their coach that year and now of Waco, Howard F. Saunders.

In a more serious vein, Bridgers said he depended upon teamwork with his coaching staff and boys like Ronnie Stanley and Roudens.

In an allusion to Baylor's grid woes, Bridgers cited an intra-squad game this spring in which "Baylor beat themselves." Accompanying him was Walt Hackett, his line coach.

The ex-Baltimore Colts line coach kept the 60 civic club members wrapped in stitches with his humorous discussion about Baylor grid prospects.

## 160,000 Census

### Takers Begin Nose Count

The 1960 Census of Population and Housing, the Nation's 18th decennial nose count, gets underway on Friday morning, with 160,000 census takers starting their rounds which will take them to every dwelling unit in the United States. In covering the 3½ million square miles of land area of the 50 states, the census takers will travel an estimated combined distance of more than 1,000 times around the world, or approximately 28 million miles.

District Supervisor J. Fred Simon, Jr., pointed out that residents of this area can speed up the big count by having their Advance Report Forms filled out and ready for the census takers. This action will save time for both the household and the census taker, the census official said.

The Advance Report Form was distributed to local households prior to the start of the house-to-house canvass. It contains the seven population and six housing questions which are asked of all persons. The Advance Report Form gives the family a chance to assemble information about each member in advance of the census taker's visit. Its use is expected to speed up the field canvass and provide more accurate statistics.

American: "You told me this stuff wasn't hot. It's hotter than Hell!"

Waiter: (Quickly) "Hell not hot anymore. Lotsa Americans go there. They air condition whole damn place!"

## Hospital Plan Shown

### McLane Heads Panel

Thirty-six Camerones and Milam Countians Friday night heard Dr. W. R. Newton explain proposed plans for a new 28-bed hospital here and elected three officers of the Newton Memorial Hospital citizens advisory board.

Elected chairman of the advisory group was Dr. W. R. Newton, Cameron businessman. Vice-chairman elected was Henry Siebman, Cameron, and secretary of the advisory board is Jack Tumlinson, also of Cameron. All three officers were elected by acclamation.

Members of the Newton Memorial Hospital Board of Directors present were: B. M. McMillion, board president; Alvin Dusek, F. L. Gregory, and T. G. Raymond, secretary and non-voting member.

Dr. Newton said that the Hill-Burton Committee, a group of doctors serving on a hospital review panel in Austin, had approved a \$160,000 loan toward construction of a \$320,000 public hospital to replace the present Newton Memorial building.

Dr. Newton said \$50,000 would be needed to assure the federal loan and another \$60,000 contribution from friends and patients

outside of the county. He noted that Newton Memorial Hospital, chartered a non-profit institution when first built in 1942, also had about \$50,000 in a building fund including \$10,000 from the Ford Foundation.

After taking the podium as chairman, McLane urged approval of the project and an earnest effort to put it over. He urged those present to take the question to the people and seek public support.

In about a 30-minute speech describing the background of the proposed project, Dr. Newton said the hospital spends about \$200,000 a year in salaries and expenses and attracts another \$200,000 a year in income spent in Cameron, but not necessarily in the Hospital.

He said that \$400,000 turns over about five times or creates about \$2 million in "cash flow" that would be lost without the present 35-bed hospital. He urged consideration of the hospital as an incentive to location of new industry.

Roy Law, Salem Community, spoke in favor of the proposed plan, saying "though I don't have any property interests in Cameron, it seems to me that this

community should be seriously interested in trying to secure help to help build that hospital here."

Later Dr. Newton read letters to the hospital board from the Rev. Aubrey F. Russell and the Rev. Walter Grimes wishing them well in building the new structure.

And Dr. Newton said he would not object to members of his congregation contributing to the project if they so desire.

Dr. Newton showed an architect's sketch of the hospital and the floor plan. He said plans include: 25 individual rooms, with 19 private baths and modern hospital facilities throughout.

Dr. Newton said the project is not a competitive thing. In earlier discussion about hospital financing, Dr. Newton also noted that about \$80,000 more would be necessary to build the hospital above the \$320,000 plans drawn up two years ago. But the Hill-Burton Committee would provide \$40,000 and the hospital could borrow \$40,000, he said.

Mrs. J. C. McLaughlin

Mrs. Jasper Barron

Mrs. J. W. Miller

P-TA EXECS - These three Texans Parent-Teachers Association leaders will be among the visitors to Cameron next week in a two day District Conference hosted by the Cameron School District P-TA.

Mrs. McLaughlin is president of the 20th District Texas P-TA Congress and Mrs. Barron is state vice-president of the Texas congress. Mrs. Miller is outgoing president of District V and state chairman of Texas P-TA councils.

## P-TA Will Host 12-County Meet

The April 8 luncheon and second general session will be held in the First Methodist Church Fellowship Hall.

Mrs. McLaughlin, 20th District president, has served as president of elementary and junior high P-TA's and as vice-president and chairman of numerous district committees.

Mrs. Barron, state P-TA vice president, is a former president of the Dallas City P-TA Council, state chairman of high school service, president of Second District and president of elementary unit. She is also active in other civic church organizations.

Mrs. Miller is state chairman of the Texas Congress of Parent and Teachers. She has been active in P-TA work for the past 20 years, serving as president of the San Antonio Council and as local convention chairman for the state convention in San Antonio in 1953.

Delegates from Brazos, Robertson, Madison, Leon, Grimes, Washington, Lee, Burleson, Fayette, Washitrop and Caldwell Counties will attend the forum.

Theme of the conference will be "Opportunity With Responsibility for Every P-TA."

## Voters To Elect City, School Heads

### 3 Candidates Running For School Board

Voters will elect two school trustees Saturday at Yoe High Gymnasium when the polls open at 8 a. m. for the three-way race for two posts.

Seeking election are incumbent Mrs. Dana Monroe, acting board chairman, and F. W. Vogelsang, and new candidate Milton J. Schiller, Cameron Chamber of Commerce president last year.

Election judge is B. J. Matocha. Polls will be open from 8 a. m. to 7 p. m. Saturday for the annual school district election.

The two candidates receiving the most votes will be elected, officials said.

The Cameron Independent School District includes 15 county communities beside the city of Cameron.

School officials said last year that only about 30 people voted in the school election.

Other communities included in the Cameron District are: Splawn, Yarrington, Ben Arnold, Clarkston, Vogelsang, Belmora, Ad Hall, Marlow, Hoyt, Walkers Creek, Curry, Salem, Elm Ridge, North Elm, and Jones Prairie.

The only polling place is the Yoe High School Gymnasium.

Residents of communities which have been incorporated in the Cameron School District may not know they are eligible to vote in the Cameron school election, officials said.

### Coffield Wildcat Testing In Navarro Sands Near 6,700

General Crude Oil Company No. 1 H. H. Coffield, Milam County deep wildcat being drilled by the Houston company about 5 miles south of Milano, was plugged back from 6,738 feet was testing in the Navarro.

A 5½ inch liner was set at 3636 feet and crew was preparing to perforate, San Antonio Express oil worker, Nancy Heard, reported last week.

The Navarro was tested in General Crude's No. 2 Perry, about one mile south of the Coffield, on perforations at 3475 - 95 and 3498 - 506 feet. The formation, however, reportedly runs 75 feet higher in the Coffield.

Earlier this month this test, which was permitted to 10,000 feet, found only slight shows of gas around 5,700 feet in the Edwards.

The attempt to complete the No. 1 Coffield as a shallow producer in the Navarro will be the second one for General Crude in this area. The company's No. 2 Perry is waiting on pumping equipment and tanks after oil was swabbed from the hole on perforations at 3475 - 506 feet.

### Cameron Girl Wins Beauty Title At A&M

Miss Linda Ward, Cameron FFA Sweetheart and daughter of Mr. and Mrs. E. E. Ward won first place in the District Sweetheart Contest Tuesday night at A & M College.

A banquet was given in the ballroom of the A & M Student Center in honor of sweethearts representing 21 schools in the Central Texas area.

Miss Ward will participate in the Regional Contest to be held in May in Brenham.

### New YHS Coach

## Bill Bates Hired

The Cameron School Board Monday night signed Billy Bates, 28-year-old George West grid coach, to a two-year contract. The Texas A & M graduate and former West Point student will succeed Yoe High School's head coach Jim Speer who resigned in February.

School board officials said that two new assistant coaches will be hired at a later date. Present assistant coaches are Jerry Hopkins and Max Treadwell, who are finishing up their first year at Yoe High School.

Bates' salary is believed to be \$5,600 a year with a stipulation for an incentive increase the second year.

He comes to Cameron with an 8-2 record in 1959 at George West, his first year as head coach at the One-A school.

Niley J. Smith told The Herald that Bates comes highly recommended by Texas A & M officials and state school officials both as coach and classroom teacher. He will teach mathematics at YHS.

Bates was selected out of a field of 55 applicants for the post. He will work with the school board in selecting his assistant coaches.

Since graduating from Texas A & M in 1956, Bates has served as assistant coach in football, basketball and track at Rockport in 1957-58, assistant coach in football and track and head baseball and basketball coach at George West in 1958-59, and was head coach at George West this past year.

In 1958 the George West went to semi-finals in One-A football competition.

In his one year as headcoach, George West lost only to state quarterfinalists AA Froese and Class A Kenedy, and defeated three

Bill Bates of Class AA opponents, including regional finalist Sinton.

Smith said Bates's wife, Carole, a native of Bryan, graduated from the University of Texas in 1957 and will teach junior high language arts in Ada Henderson School next fall. She has taught three years in junior high work.

Bates has 10 hours work to complete on his master's at Texas A & M.

Bates has 10 hours work to complete Consolidated High School in 1949, attended Texas A & M until 1951 before going into the Army for three years. He played service football, basketball and baseball at Fort Sam Houston, San Antonio, and William Beaumont Hospital, El Paso.

He played football and baseball at West Point Prep School at Newburgh, N. Y., for one year before entering West Point in July, 1953. He resigned the appointment in January, 1954, to complete a Army service commitment and return to Texas A & M to earn his degree, Smith said.

## Gabriel District Delays Water Tax

Directors of the San Gabriel Water Control and Improvement District, the organization trying to get small dams built in the San Gabriel watershed in Williamson, Burnet and Milam counties, have announced that no taxes for the district will be assessed for next year.

"Until the Army engineers decide whether two big dams are practical at Georgetown, our hands are tied, so no tax money will be necessary until then."

The district two years ago voted \$140,000 in bonds as its part in the project to prevent floods on the San Gabriel and its tributaries. It is a project similar to the Brush Creek project now under construction, and was set to make formal application for the work, when the possibility of building two big dams at Georgetown came up.

The Soil Conservation Service said at that time it was unwise to proceed until a decision was made, officials said.

"It's impossible to intelligently plan small dams until the location of any big dams is decided, due to the fact some of the proposed small dams would be in the area covered up by water held back by the big dams," directors pointed out.

"Consequently, we have to wait, and until then, there's no use in assessing any taxes."

The Army engineers are expected to announce their decision on the Georgetown dams this summer, after which the directors said they will proceed with plans for

small dams, in conjunction with the big dams if they are recommended, or apart from the big dams, if they are not recommended.

Directors are D. P. Irvine and A. C. Weir of Georgetown, C. V. Hutto of Bertram, Henry Labaj of Friendship, and H. B. Fox of Circleville.

### Horse Racing Track To Open

Johnny Gelner has announced that his horse racing track will be open to the public next Sunday, April 3.

The track is located ½ mile west of the 77 Drive Inn off Highway 77. This is the first horse racing to take place in Cameron for a number of years.

The program will consist of match racing, cow pony races under stock saddle. The general public is invited to attend and bring their horses. There will be no charge for horsemen to use the track. Parking facilities will be available.

Main objective of the track is to train horses in this area, covering approximately 300 miles, for the big time racing at larger tracks.

The racing area consists of a 330 yard straight - away and ½ mile oval loop.

### Three Contests Await Decision In City Voting

A large city vote is expected Tuesday in an annual city election that has three contested races, including two-year mayoral and council terms.

Election Judge B. J. Matocha said that voting at City Hall will get underway at 8 a. m. and continue through 7 p. m. Tuesday.

Political observers predict a big vote turnout similar to the 1196 vote in 1958. A total of 994 paid city poll taxes.

The council will meet immediately after the polls close to officially approved the vote totals and outcome.

Feature of the city election will be Mayor's race between incumbent Mayor Bassel Wilson and his opponent, Coleman Duncum, a Cameron businessman.

Two other council posts are in contention. Incumbent Roy Griffith and B. L. Miller, both of Cameron, are seeking election to Place 1 while Horner Allen and John A. Smith, both new to city politics, are seeking the Place 5 council post.

Sam B. Houston, incumbent Place 2 councilman, and Erwin L. Wied, new candidate for Place 4, are unopposed. Wied filed for a post left vacant after the death of Hayden Lawrence, who died in December. The Place 4 post is for one year.

Allen and Smith are seeking a one-year unexpired term left open by the March resignation of Lincoln Mondrik, former councilman.

The only post not up for vote consideration is held by Councilman Richard Moseley. He is a candidate for state representative for Milam - Robertson Counties and may resign his post if elected to the state office.

Moseley, Griffith and Mondrik had been re-elected without opposition of council terms in 1959.

Incumbent Mayor Wilson will be seeking his second term. He was elected mayor in 1958 by a close margin over Doc Harden in a near-record voter turnout. Wilson has been named president of the Cameron Rotary Club for 1960-61 and runs several businesses here.

Duncum, is seeking a first term as mayor. He is president of the Cameron Kiwanis Club. Duncum ran for a council post in 1958, but was not elected.

Houston will be re-elected to a second term while Wied will go into his first term as a councilman.

Houston has served about eight terms as a city councilman. Wilson announced he would not run for re-election in February and Duncum announced that week. But Wilson filed for re-election in March after receiving a 100 - name petition asking him to run for re-election.

### CYC To Complete For Championship

The Cameron CYC boys and girls volleyball teams will play for the Diocesan Volleyball Championship in Cameron at the Simon - George Hall, Sunday, April 3.

Other teams will be the West-volleyball boys and girls, Granger Lockhart girls, Fayetteville girls and the Wallis or Sealy boys.

The public is invited to attend the games which start at 2 p. m. There will be no admission charge.

# Mr. and Mrs. Curtis Newman Host Belton Guests Over Weekend

Mr. and Mrs. Curtis Newman of Belton were guests of Mr. and Mrs. Ray Schonhoft and Eldon recently.  
Mr. and Mrs. Ray Schonhoft received an announcement of a baby granddaughter in the home of Mr. and Mrs. Harold Schonhoft of Kansas City, Mo. born Tuesday March 24.  
The following children and grandchildren of Mr. and Mrs. J. N. Bowen of Belton were in their home Sunday: Mr. and Mrs. Harold Bowen of Wimberly, Mr. and Mrs. John Stepan of Red Ranger, Mr. and Mrs. Harry Chollett and four sons of Waco, Mrs. Ray Schonhoft of Burlington.

and was accompanied home by her husband Grover Albert who has been a patient in a hospital. His condition has improved.  
Mrs. Fritz Wied of Burlington and Mrs. Otto Wied were in Temple Thursday p. m. and visited Mr. and Mrs. Ed Schutze formerly Burlington residents.  
Stanley Wied of College Station spent last weekend here with his parents Mr. and Mrs. Fritz Wied.  
Stanley Wied made an airplane flight to Dallas, Mineral Wells, Rosebud and Burlington Saturday March 19 from College Station and returned that afternoon.  
Mr. Farnk Buckholt of Westphalia spent a few days here with his daughter Mr. and Mrs. Paul Olbrich and family, and Mr. and Mrs. Eugene Halfman and family here last week.  
Instructions are being given in the Catechism class at the Catholic school building.  
Planning for communion class in under way at the Catholic Church to be in May.  
Everyone enjoyed the rain last weekend.  
Miss Ruth Barkmeyer and her friend Miss Pat Wooten of Dallas and Ogene Barkmeyer and his friend Al Ong of College Station spent last week and here with Ogene's and Ruth's parents Mr. and Mrs. George Barkmeyer and Georgia.  
Mr. and Mrs. Johnny Orsak and Lynn of Rosenberg spent last weekend here with her parents, Mr. and Mrs. Davenport and sons Dennis and Billie Don.  
Rev. Canon Putman filled his regular appointment Sunday and Sunday night at the Baptist Church. He drove to Burlington from Houston Sunday morning where he had visited his parents and family.

# Texas State Highway Commission OK's Planning Program

D. C. Geier, State Highway Engineer, has announced that the state Highway Commission approved, at its March meeting, the 1961 and 1962 Consolidated Advance Planning Program for District Seventeen.  
C. B. Thomas, District Engineer of the Texas Highway Department at Bryan, has stated that the following U. S. Highway in this area is scheduled for acquisition of right of way under this program.  
U. S. Highway 79 - From 3.6 miles East of Milano, East to 1.6 mile West of Brazos River.  
Carol D. Zeigler, Senior resident Engineer, Hearne, will have charge of surveys and preparation of right of way data for this project.

# FHA Style Show To Be Held April 4

The annual FHA style show will be held Monday, April 4, 8 to 9:30 p. m. in the Yoe High auditorium.  
The show provides an opportunity for citizens to evaluate the clothing work that FHA members have done this year for themselves, their families and their friends through their homemaking class and home project experiences. In addition, members plan to spice the program, salt and pepper style, with talent show activities.  
There will be no charge and the public is invited. Plan now to attend because all persons attending will not only be well entertained, but will leave the show with a better understanding of the Yoe High homemaking program of work.

### Maysfield News Community Saddened With Recent Death Of Mrs. Newton

By Mrs. J. P. Wise  
The Maysfield Community was so shocked and saddened at the death of Mrs. H. G. Newton in Tyler Sunday afternoon. We extend our sincere sympathy to Mr. Gill and his children.

### GET READY FOR HOT WEATHER NOW

Don't wait until hot weather to call your AIR CONDITIONING SERVICE MAN. The time to call is now... before he gets swamped. Call today and be assured of fast, efficient service so your air conditioning system will be in its finest working condition the first hot day of summer.

TEXAS POWER &  
LIGHT COMPANY

Mrs. W. C. Cooper visited her daughter Mrs. Frank Newton and family in Houston several days last week. She also visited her son Carl and family in Temple during the weekend.

Sunday guests of Mr. and Mrs. Thweatt were Mr. and Mrs. Bryan Floyd and children of Rockdale, Mr. and Mrs. Carroll McElwreath and Ned of Cameron, Mrs. Maude Bullock and Mrs. Henry Ashcraft of Rogers.

Mr. and Mrs. Kenneth Thweatt and Cindy visited friends near Abilene Sunday.

Mr. and Mrs. Donald Thweatt and Donna of Rosebud spent Sunday with his parents Mr. and Mrs. Gilford Thweatt. Mrs. Dewey McElwreath was also a guest in the Thweatt home.

### Gause News...

## Kilpatrick Improving After Saturday Shooting Mishap

By Mrs. Jim Harlan

B. J. Kilpatrick is recuperating from what was a sort of freak accident. Saturday afternoon he shot at a bird and the gun recoiled. Striking him squarely in the nose. He endured the severe pain

until Sunday afternoon when he went to the doctor and had several stitches taken in the open wound. He is quite swollen about the face, especially the eyes, but says he is not in pain now.

Mrs. Ray Crouch returned to Houston last Sunday with Bobo Todd who spent the weekend here with his parents, Mr. and Mrs. J. T. Todd. Iven Crouch brought her

### Library Week Set For April 3-9

April 3 to 9 has been designated as National Library Week. During this week, libraries throughout the United States will emphasize the importance of reading the printed word in our free society.

In order to exercise responsible citizenship, one must keep abreast with the situations by reading. America cannot afford a nation of non-readers, for reading is the very heart of our education. As President Eisenhower said, "The strength of our nation is found in the minds and hearts of its citizens - individuals who have sought out the truth and have formed their own convictions. In this search, the freedom to read is an indispensable asset."

Answer their plea. Help crippled children through the 1960 Easter Seal campaign.

### Ben Arnold Rees Henderson Improving After Heart Attack

By Mrs. A. T. Swanzy

Reese Henderson of El Paso suffered a heart attack two weeks ago but is showing some improvement. Reese is the son of Mr. and Mrs. Alec Henderson of Ben Arnold.

Funeral services for Richard W. Rice Jr., son of Mr. and Mrs. Richard Rice of New Orleans, La., were held in Cameron last Wednesday afternoon. Burial was in Ben Arnold Cemetery.

Visiting Mr. and Mrs. Alec Henderson last week end were Mr. and Mrs. Ken Paulin and family, Mr. and Mrs. Jack Lowery of Waco.

Mr. and Mrs. M. D. Swanzy, Mr. and Mrs. Sonny Dornier and family, Mrs. Lillie Strickler, Mr. and Mrs. Sonny Swanzy and Sharon attended the wedding of Florence Swanzy and Billy Joe Southwell at North Waco Baptist Church in Waco on Tuesday evening, March 22. Mr. and Mrs. Robert Lee Schmetz, Brenda and Karen of Temple also attended.

Mr. J. T. Swanzy of Rosebud celebrated his 60th birthday on March 22.

Mr. and Mrs. Leland Burnett and W. M. Sweet visited in Giddings last Sunday afternoon.

M. D. Swanzy was honored with a birthday dinner at his home last Sunday. Present were Mr. and Mrs. Robert Lee Schmetz, Brenda and Karen of Temple, Mr. and Mrs. Leon Noack of Rockdale, Sidney Stapleton and Jan Griffith of Baylor University, Mr. and Mrs. Walter Strickler, Mr. and Mrs. Sonny Dornier and family, Mr. and Mrs. Sonny Swanzy and family.

Mrs. Mayme Moore returned from a week in Corpus Christi visiting Mr. and Mrs. Ford Reeves, Saturday. Mr. and Mrs. John Terry Moore drove over from Hearne to spend the day with her Sunday.

Mrs. Minnie Buffington is spending a few weeks in Angleton with her sister, Mrs. Mae Warren.

Mrs. George Harrell spent Sunday in Bellville with friends.

Mr. and Mrs. R. L. York enjoyed a visit from Mr. and Mrs. Bubba Sempe and son, William Lee. Mrs. C. E. Stubbs had as her weekend guests Ray and Ricky Stubbs and Mrs. Nina Ruth Walthis week.

Mr. and Mrs. Bill Gause and children

spent Sunday in Buckholts with her parents, Mr. and Mrs. J. D. Lewis.

V. V. Turner was presented a seven year attendance bar at the Methodist Sunday School Sunday morning by Mr. H. M. Walker. Supt. Jackie Mitchell received a Bible for 3 months perfect attendance.

The Harold Lange family is back from Tulsa, Okla. and are at present at the homes of their parents Mr. and Mrs. Cecil Lange and Mr. and Mrs. Tommy Thompson in Rockdale.

Mr. and Mrs. Malcolm Timmons, and Mr. and Mrs. Mason Longmire in Minerva attended the funeral of a cousin, Mr. L. S. Cunningham of Waco in Waco last Wednesday.

Mrs. Will Berger and Mrs. F. E. Bond of Bryan spent Thursday here with their daughter and sister, Mrs. Hilton Butler.

A cool rain almost ruined the day of sports planned by the Maysfield and Gause Schools here Friday afternoon. Several games were

planned but one game of baseball was all that they were able to do in. The game was 7 to 1 in favor of the Gause team. Mr. and Mrs. Ray Smith and children, Steve and Cynthia, attended the birthday dinner for her grandmother, Connie Newman in Rockdale Saturday. He was 76 years of age. Mr. and Mrs. J. A. Smith accompanied them.

Gause citizens attending the

Chamber of commerce banquet in Hearne were Mr. and Mrs. G. V. Varner, Mr. and Mrs. W. L. Dittie, Mr. and Mrs. Joe Moore, Jr. and Mr. and Mrs. Wiley Kirk. Mrs. Lucy Neeley of Rockdale visited Mrs. Allen Varner this week. Mr. Jerry Harper and Mr. Varner took her home Sunday afternoon and visited Mrs. Clyde Stephens while in Rockdale.

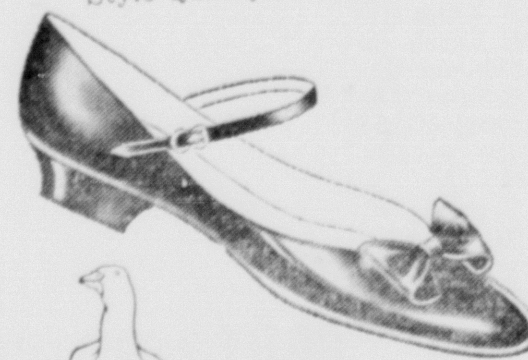

Mr. J. D. Moore, County Agent,

visited Gause one afternoon this week and helped landscape the Methodist Church grounds. Plans for quite a number of trees and shrubs were made. Mr. and Mrs. Charles Mamill have done most of the actual work and it looks like a good job.

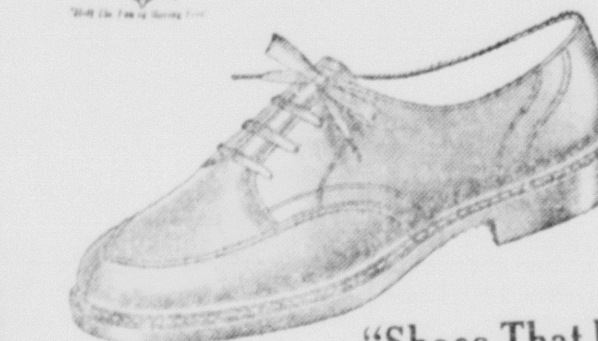

Mrs. Pearl Partridge enjoyed a Sunday visit from Mr. and Mrs. Bill Hartly and their daughter, Linda. They drove over from Austin.

## Adult Civil Defense Courses To Be Taught In Rogers

Officials of Rogers Public Schools who have been working on a course for Civil Defense - National Adult Education for several months are now ready to announce the first meeting of the class, according to Supt. B. F. Harbour. Monday, April 4 is set for the first meeting, at 7:30 p. m. in the high school library.

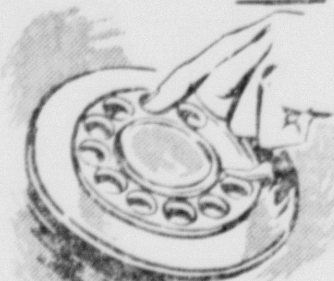

A Consultant from the Texas Education Agency, Civil Defense Adult Education Division, will come to Rogers to teach the 12 hour course. There will be four class periods of three hours each. At the first class meeting, the time for the ensuing class periods will be set by the class and the instructor.

The delay was caused by lack of enough schools in this area asking for a course for instructors, according to Mr. George H. Blasingame of the Agency. Since Rogers officials were so anxious to start the course, the Agency will furnish the instructor for the first course. At least 25 adults must take the course in Rogers. During the first course, several Rogers teachers will meet qualifications to become instructors for future courses in Rogers. Adults from surrounding communities and cities.

Enrollment blanks may be obtained from Supt. Harbour, and all surrounding communities and cities will be permitted to take this registrations are needed at the earliest possible date in order to properly set up the course.

Easter Seals fight crippling conditions nationwide.

## GET READY FOR HOT WEATHER NOW

Don't wait until hot weather to call your AIR CONDITIONING SERVICE MAN. The time to call is now... before he gets swamped. Call today and be assured of fast, efficient service so your air conditioning system will be in its finest working condition the first hot day of summer.

## Rogers Troop Receives Charter

Boy Scout Troop No. 107 received its Charter for 1960 Tuesday night at the Community Service Club meeting in the school cafeteria. Bob Vaughn of Temple represented the Heart O'Texas Council, Boy Scouts of America in making the presentation.

Vaughn praised the scout organization as one of the best means of training boys into good citizens and praised the Club for having the foresight and interest in boys to sponsor the troop.

Scouter membership cards were given to the troop committee: Jim Shook, Bob Persky, Wayne Craw-

ford and C. O. Mayfield, Jr. Praise Mr. and Mrs. George Jones, was also given to the new scout and son Bobby spent Sunday with master, Carroll Burcham and assistant scoutmaster John LaCook for taking the scout training courses and starting of the troop with success. They received their 1960 scout cards also.

Mr. and Mrs. George Jones, and son Bobby spent Sunday with master, Carroll Burcham and assistant scoutmaster John LaCook for taking the scout training courses and starting of the troop with success. They received their 1960 scout cards also.

**HORSTMANN BROTHERS**

**Thank You, CAMERON Homemakers...**  
your acceptance of **ALCOA WRAP** leads to everyone's better living

Your Alcoa Wrap answers many a kitchen chore. It preserves freshness and flavors when it wraps, cooks, covers and caps foods of every kind. It seals-in luscious juices when meats are roasting; it gives your cooking an open-air freshness while often eliminating the need for heavy utensils. No wonder you've bought Alcoa Wrap and told your neighbors about it.

And in doing just this, you've started a happy chain reaction. Because you choose Alcoa's foil, its success grows and grows as women all over America take Alcoa Wrap into their homes. You help to make other Alcoa aluminum products a part of these households.

In turn, the good you do for Alcoa Wrap comes back and rewards your neighborhood — with greater job security for

Alcoas and their neighbors and better living for families in your community.

The next time you buy and use Alcoa Wrap and encourage your neighbors to try it—remember you're helping in a big way to give area business a substantial boost. For this, we thank you, Mrs. Homemaker!

ALUMINUM COMPANY OF AMERICA

## Editorials

## COUNTY...

## Industrial Optimism...

A bit of optimism was justified last week in the Rockdale area with announcement of a contract to open an asphalt hot mix plant at Alcoa.

And two other plants were welcomed in Central Texas.

After seven years, research by Alcoa and Texas Power & Light has opened the way for a commercial use of the slag aggregate.

The Waco firm will employ five people at the outset and produce up to 1,000 tons of asphalt mix daily. Young Brothers, the Waco firm contracting for the venture, expects area cities to use much of their earlier production on city streets.

Optimism should continue to be high because of the continuing possibility of other industry stemming from research on by-product uses of burned lignite.

Officials have outlined a program of testing of lignite tars for perhaps another industrial possibility in Milam County.

Thus, paving materials already have become a useful substance and chemistry will probably find uses for the tars extracted from the lignite. And Milam County, atop a mighty lode of lignite, may see the little pilot slag plant grow into a much larger operation and watch industry grow also form the by-product uses of lignite tars.

Cameron can take wise note of the approach used by Alcoa and TP&L. It has taken seven years of research to develop a commercially product. But it was developed. By the same token, Cameron or any other community can apply development work to local resources and find uses and jobs in the effort.

In other recent developments, Hearne welcomed a 100-employee plant, Vitro-Tech, which will manufacture porcelainized bath fixtures. And Hillsboro had ground breaking ceremonies for a \$5-million asbestos plant which will employ about 100 people.

These Central Texas factors show that industry can be obtained by developing our resources and going and getting it.

It is in the spirit of optimism that these things are accomplished. The word should not suggest Pollyanna, but a determination to make the most of our resources.

It takes resourcefulness and optimism to get the job done.

## STATE...

## Texas And Tourists...

The State of Texas is scheduling a campaign of national promotion to attract tourists and industry to the biggest of the domestic Forty-eight.

Herbert C. Perty, Jr., chairman of the Texas Highway Commission and a member of the Texas Development Board, pointed out the program in an announcement that Texas' tourist industry showed a \$100 million drop in the past two years.

He reports that 9.6 million visitors spent \$431 million in Texas during 1959 compared with estimates of 10.3 million visiting and spending \$531 million in 1957.

It is perhaps coincidental that Texas during the same period was gaining in production and industry.

Texas' stature as a tourist attraction should grow with its population. However, the more people that move into the state as residents, the less mythical acclaim Texas receives in other parts of the country.

Promotions like Cameron's Western Week help attract the interest that Texas is capable of producing for people around the world. Indeed, the week-long celebration last year captured the imagination of the rest of Texas itself.

If used as part of Texas' overall national promotion, Western Week could lend strength to additional attraction to tourists.

The sheer magnitude of Texas resources and boundaries and great pride of its people are wonderful implements to boost our economic structure.

And this is to the benefit of Texans in small city, metropolis or rural area.

There is little question that when you have people, you have dollars turning, more jobs and another resource with which to develop our basic natural resources.

## Major Decisions Being Made Now

By Vern Sanford

AUSTIN — It's nine months until the 57th Legislature comes to Austin to pass laws, appropriate money and, probably, enact new taxes. But the major decisions are being made now.

Whether it's the warmer weather or the dwindling time — (first primary is only a little more than a month off) — the deciding process is now going full tilt.

Candidates have their literature off the presses and their campaign organizations in action. Challenges and promises are being made, mostly centered on one issue — meeting the state's in — the — red financial predicament.

In most areas legislators are being forced, if their announcement platforms aren't clear, to say pretty specifically what sort of new tax they would favor.

On the statewide level, it's the same. Jack Cox, with the backing of Former Gov. Allen Shivers, has come out for a 2 per cent sales — tax — for — education. Gov. Price Daniel has consistently maintained that the state's financial problems are not so great they cannot be solved by other means.

Jack Pickle is leaving his post as director of organization for the State Democratic Executive Committee and will work in Governor Daniel's campaign. Jake Jacobsen, former Daniel aide, will head the Daniel headquarters.

## RANCHERS EXPECT GOOD YEAR

Reflecting the age — old Texas philosophy that everything depends on rain, most Texas ranchers are wearing a smile this spring.

Members of the Texas and Southwestern Cattle Raisers Association meeting in Austin said wet weather had put a "season" in the ground. Prolonged cold meant a lot of expensive feeding, but, in general, the cattlemen look to this year as one of the best ever.

Amid the optimism, U. S. Sec'y of Agriculture Ezra Benson warned against too — rapid expansion of herds. It will almost certainly result in a sharp drop in prices, said Benson.

Benson noted that in the past two years cattle in the U. S. had increased by almost 4,000,000 head a year, double the rate he felt the consumer market can easily absorb.

He estimated there were a record — breaking 101,000,000 head of cattle in the country at the start of the year. This is "not yet excessive," said Benson, but he urged that future increases be "moderate."

Governor Daniel warned the cattlemen to watch the import situation. Governor's Exhibit A was the Texas oil industry which has suffered crippling setbacks from the competition of lower — priced imports.

Secretary Benson opposed raising import barriers. He suggested that losses would offset gains in that a \$4,000,000,000 export business in hides and tallow would be choked off.

Dolph Briscoe of Uvalde, former legislator, was elected president of the Cattle Raisers Association.

**CATTLE MEASURES URGED**  
Cattlemen voted to seek governmental action in these areas:

1. State and federal agency help to enable railroads to operate more efficiently and economically.  
2. Legislative enactment of a stronger trespass law to protect landowners.

3. Full authority for the Texas Animal Health Commission to direct the brucellosis eradication program begun under a law passed by the Legislature in 1959.

4. Confirmation by the U. S. Sec'y of Agriculture of the Association's right to carry out its brand registration and inspection program.

5. Launching by the USDA, as quickly as possible, of a screw-worm eradication program in the Southwest similar to the dramatically successful Florida program.

**HIGHER COLLEGE COSTS**  
Next legislature probably will be asked to appropriate about 23 per cent more for support of Texas' state colleges and universities.

Ralph Green, director of the Commission on Higher Education, said an estimated \$31,400,000 more than present allocations would be needed for the 1961 — 63 biennium.

This is some \$15,000,000 a year more than the \$65,000,000 being spent this year. Green told a Legislative Economy Committee the extra funds would be needed to meet increased enrollments and improve faculty salaries.

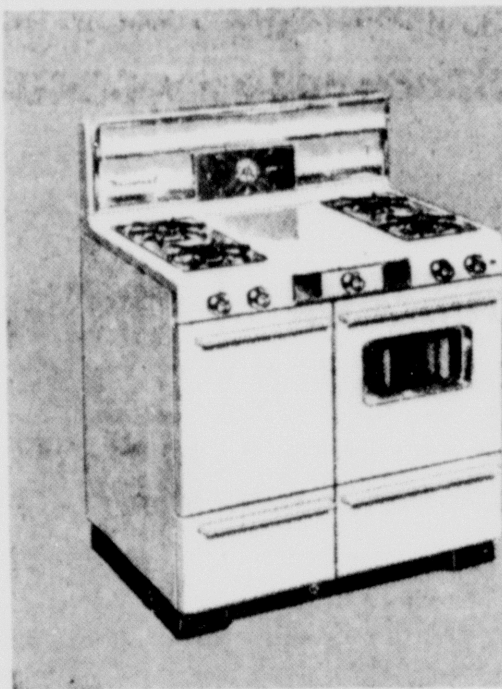

Green reminded the lawmakers that part of increased cost results from the legislature's having made a junior college into a senior college — against the Commission's recommendation.

## BUCKHOLTS ONE ACT PLAY

Recreation and a one act play will be given at the Buckholts High School Gym beginning at 8 p.m. The play and recreation is being sponsored by the Senior class. Forty-two, volleyball and card games will be played. Admission is 50 cents per family.

## Reportable Diseases

Reportable diseases in Milam County for the week ending March 26 according to Dr. T. E. Crump, Acting Director of the Milam County Health Department were 60 Measles, 4 influenza, 40 strep throat, 8 mumps and 4 influenza.

## THIS WEEK:

Dear editor:

Some people are always saying there aren't any more opportunities left in this country to get ahead, and while getting ahead hasn't been my prime goal, after all, if some of us don't drag behind we'll rob those up ahead of the glory of being there — who ever heard of a situation where everybody was equally ahead and everybody was satisfied with it —

at any rate, to get on with this sentence, I wish to point out that there are still plenty of opportunities.

For example, an insurance sales-day trying to sell me some insurance that would protect me in case a cow of mine got out and damaged a neighbor's property, whereas what I really need is mainly just a better fence, although he didn't seem to be interested

New Style Insurance Policy  
Against Russian Missiles

in helping me build one, said he had to get on and try to sell some more insurance.

I got to thinking after he left and discovered a brand new field for the insurance people.

If the insurance people really want to do some business, what they ought to do is work up a policy that protects people from the Russians. It would sell like hot cakes.

Everybody knows those Russians have all those guided missiles aimed and cocked, and while I doubt if they have one zeroed in on my Johnson grass farm out here, they might not be as accurate as they are reported, you can't trust them Russians, and a five-tonner aimed at Waco might very easily over — shoot or under shoot and land in my backyard. That's where I'd like to have some insurance. Not insurance though that would go to my estate, which by that time would be a big hole in the ground, but insurance that would stop that missile somewhere near the middle of the ocean, or make it turn around and head back toward Russia.

I think they call this living insurance, and if the insurance industry can work up such a policy,

I'm in the market.  
Yours faithfully,  
J. A.

## Johnson, Poage Discuss Issues

## Senate

By Sen. Lyndon B. Johnson

One of the grand men of our time visited me this week — Konrad Adenauer, Chancellor of West Germany.

I was amazed at the vitality, alertness, and spirit of this 84-year old statesman. Think of that — 84 years old and as robust as men half his age. I asked him the secret of his youthfulness and he said, "I don't hate anyone. I never get mad at anyone. And I enjoy my work."

We talked about a lot of things. The Chancellor told me that he thinks the North Atlantic Treaty Organization must be improved. NATO is still organized the way it was begun in 1948, and circumstances in Europe have changed. So we must improve NATO, he said.

I asked Dr. Adenauer what he thinks America must do to continue as a leader of the free world. He replied in very serious tones: Educate your children. No price is too precious to pay to educate young people who must be mentally and morally strong enough to meet the challenge of our divided world. They must come to see what is at stake in the struggle between freedom and communism.

I asked Dr. Adenauer to come to the ranch in Texas and he smiled and said he will if he has the chance.

As Chancellor Adenauer left my office I realized that I had been with a great man of tremendous inner strength and personal integrity.

The recovery of West Germany from the depths of despair and defeat is one of the miracles of our day — and Dr. Adenauer is the

man principally responsible for that comeback.

He and his people are on the "front line" of the Cold War. Soviet tanks and troops are only a few miles away. Communist missiles can reach any point in West Germany in a matter of minutes. Only the brave can live under these circumstances.

We can be grateful — you and I — that he is so determined in his resistance to communism and so faithful in his devotion to freedom. Above all we can be proud and glad he is our friend.

## House...

By Cong. Bob Poage

The Union of South Africa, like the United States, was settled almost entirely by people who (or whose ancestors) have moved into the area within the last 400 years. This is true of most of the black as well as of the white people. Indeed, a large part of the black population has moved down from Central Africa in order to enjoy the much higher wages which are paid in the Union. These people are still moving South.

The descendants of the Dutch and the British settlers have developed the country and made higher wages possible. They have passed racial laws which may seem to us to be unduly harsh. I would certainly not support these laws for the United States, but we are hardly in a position to pass on

what is needed in South Africa.

Early this week there were large riots in South Africa. The police host some of the rioters. They contend that this action was necessary in self defense. The only fact which is entirely clear is that the situation is extremely difficult and dangerous. The people of South Africa have been our friends. Surely they had a right to expect that we would do absolutely nothing which might make conditions worse, or which might encourage civil war. Instead, our State Department issued a critical blast which could only be expected to invite further bloodshed.

I don't know whether this was done just because our State Department has become a professional "busybody" or because it thought in this manner to influence Legislative action on the pending Civil Rights bill. In either event the action was entirely unwarranted. No Executive Department should try to thus influence legislation, and certainly no foreign government should criticize the domestic actions of any neighbor. Surely we would bitterly resent any such action if directed at us by any foreign nation.

Of course, I voted against the so-called Civil Rights bill. It is not, as has been reported, simply a bill to protect the right of colored people to vote. They have that right in Texas. As I see it, this bill breaks down the court procedures on which the protection of all civil rights must rest. Possibly even more hurtful, at least at the moment, is the bitterness which has been built up. The fight over this bill is going to seriously influence action on many bills in the future. I do not believe that any Representative should allow such things to determine his actions, but I have heard many members express judgement on unrelated legislation, based entirely on

## Census Takers To Be Identified By Colored Label

Householders will not have any difficulty identifying the takers of the 1960 Census of population and Housing when they start their rounds on April 1. District Supervisor J. Fred Simon, Jr., pointed out today.

Each census taker will be provided with a red, white, and blue identification card to be worn on the lapel. This card bears the seal of the Department of Commerce and the words "Census Enumerator, Official Credential" are printed across its face. Persons purporting to be Census takers who do not have this identification card should be reported immediately to the local district Census office which is located at 915 Liberty Building, Waco.

Census takers will be further identified by the portfolio containing their supplies. The portfolio is brown and bears the legend, "1960 Census of the United States," printed in green ink. In the portfolio the census taker carries his supplies of report forms, maps, pencils and other tools of his trade.

Contributions to Easter Seals help finance a national research program seeking out clues to prevention and treatment of crippling conditions and rehabilitation of the physically handicapped.

Easter Seals help crippled persons regardless of cause of crippling, race, religion.

how the author or other advocate of the bill may have stood on Civil Rights. These scars are going to be slow to heal.

Funeral Services  
Held Here Friday  
For Mrs. Brewer

Funeral services were held Friday at the First Baptist Church at 10 a. m. for Mrs. Bertha S. Brewer who died March 23.

She passed away in the home of Mrs. E. A. Flinn, her sister-in-law where she had made her home for many years. Mrs. Brewer was an active member of the First Baptist Church for 46 years, and a member of the UDC Chapter and the Sara McCalla Chapter of the DAR.

Rev. Aubrey Russell officiated and burial was in the Little River Cemetery.

Mrs. Brewer was born at Calvert Sept. 15, 1872 and had made her home in Cameron for the past 46 years.

She is survived by one brother, Dr. Glenn Flinn of Dallas.

Pallbearers were Glenn Flinn, Fontaine Flinn, W. D. Craig Jr., Bob Womble, Eber Flinn and Hilhard Thomas.

Honorary Pallbearers were Ray Barker, Grady Cooper, F. H. Scarborough, C. Roy Lax, and Gus Evans Sr.

Out of town persons attending the funeral include:

Mrs. Ed Humphreys and Mrs. J. C. Whodis, Waco; Dr. Arthur K. Tyson, Mary Hardin Baylor College, Belton; Arthur Lee Miles, Austin; Mr. and Mrs. Bob Kome, Belton; Mrs. N. C. Erskine, Temple; Mr. and Mrs. W. D. Graig and Dick, Austin; Miss Helen Flinn, Austin; Mr. and Mrs. F. E. Flinn and Mrs. A. F. Swearingen, Corpus

Services Held For  
Charley G. Hess

Funeral services for Charley G. Hess, age 71, were held from the Marek - Burns Funeral Home Friday at 2 p. m. Hess died at his home at 704 North Central.

The Rev. E. J. Davis officiated with burial in the Corinth Cemetery.

Hess was born at Buckholts, Feb. 10, 1889 but has lived in Cameron for the past 37 years. He was a retired signal maintainer for the Santa Fe railroad.

Survivors include his wife, Mrs. Charley Hess, Cameron. Two sons, Charley C. Hess Jr. and Marvin V. Hess of Houston. One daughter, Mrs. Helen Spear of Waco. One brother, O. H. Hess, Buckholts and one half brother, Edward Hess, Waco. Also 5 grandchildren and 3 great grandchildren.

Pallbearers were Jack Straley, Windell Ashford, Elmo Straley, Charlie Roy Hess, Frank Burkeen, and Eugene Goldfarb.

Christi, Mr. and Mrs. Glenn Flinn, Tyler; and Mrs. B. L. Goodwin, Grand View, Texas.

## Legal Notice

TO THE CREDITORS OF  
MAYSFIELD MERCANTILE  
COMPANY, A CORPORATION OF  
CAMERON, TEXAS

This is to advise that the under-  
signed has been appointed Re-  
ceiver of Maysfield Mercantile Co-  
pany, a Corporation of Cameron,  
Texas by the District Court of  
Milam County, Texas, in Cause No.  
14,854 on the docket of said Court.  
All creditors of Maysfield Mercan-  
tile Company are hereby directed  
to file their claims with me as  
Receiver at the below address,  
said claims to be filed on or be-  
fore April 15, 1960. Said claims  
should contain the following in-  
formation:

1. An itemized statement of what  
the claim represents.
2. Whether or not the claim is  
secured by a mortgage, and if so  
the property on which the mort-  
gage was given. This claim should  
be executed before a Notary Pub-  
lic or other officer and be under  
oath of the person or the officer  
of the company which is present-  
ing the claim.

To all persons who may have cus-  
tody of property belonging to said  
Corporation, you are directed and  
ordered to produce said property  
to me at the below address on or  
before April 15, 1960. If these mat-  
ters are not promptly taken care  
of by the creditors and holders  
of property of said Corporation,  
the creditors may lose their claim  
against said Corporation, and the  
holders of property may subject

## Legal Notice

themselves to legal action by the  
Receiver.

All assets of Maysfield Mer-  
chantile Company, a Corporation  
of Cameron, Texas, will be liq-  
uidated and reduced to cash as  
soon as possible after April 15,  
1960, and all creditors will be paid  
their pro rata portion of the as-  
sets of the Corporation.

WITNESS MY HAND, this 15th  
day of March A. D. 1960.

## Griffin Community Begins Annual Spring Clean-Up

The people of Griffin Commu-  
nity have begun an annual sp-  
ring clean up drive. All rubbish  
is being collected and burned.  
Tin cans collected and carried  
away old fences straightened up  
and other debris destroyed.

The community is taking on a  
new look for spring. This move-  
ment is sponsored by the com-  
munity improvement club. The  
executive committee of the club  
consists of the following persons:  
Chairman - Frank Nelson Treas-  
urer - Fred Jones, Reporter -  
Mrs. Lillian Nelson, Signs-  
Mrs. Minnie O. Jones, Scrapbook-  
Mrs. Lilye B. Moore, Publicity  
Henry Nelson Record-keeping -  
Mrs. Courtney Nelson and Sec-  
Mrs. Greola Nelson.

At a recent meeting the guest  
speaker was E. A. Adams  
assistant State Supervisor of  
Prairie View A. & M. College,  
also present was Pastor Rev.  
C. R. Walker.

County Agents Notes...

## Information On Sorghum Midge

By J.D. Moore, County Agent

During the last few years, the sorghum midge has caused extensive damage to grain sorghum in certain areas of South and Central Texas. Early planted grain sorghum was severely damaged by this midge but late planted grain sorghum was severely damaged by this insect. Knowledge of the biology and habits of this insect is usually a factor directly concerned with practical control.

The sorghum midge is distributed over most, if not all, of Texas but the greatest injury to grain sorghum by this pest occurs in the most humid parts of the State. The adult midge is an orange-colored fly, about 1-12 inch long. It overwinters as a larva within a cocoon in the spikelet or seed husk of Johnson grass, Sudan grass grain sorghum, broomcorn and probably some wild grasses. The larva pupates and the adult emerges in the spring about the time Johnson grass begins to bloom and the female deposits eggs on the developing seed. The first generation of the midge usually occurs on Johnson grass. The adults which have emerged from the Johnson grass seed may fly considerable distances to fields of grain sorghum at the time heads begin to emerge from the boot. Adults usually are more noticeable during the early morning when they are crawling over the spikelets of developing grain heads.

The female fly seldom lives more than a day during hot weather and the life of the male is even shorter. The female deposits eggs in the spikelets soon after the heads appear from the boot and in many instances, before bloom. Injury to sorghum grain is caused by the

larva or maggot which feeds upon the internal content of the developing seed. Infested grain sorghum heads appear "blighted" or "blasted". The eggs hatch in about two days into small pinkish maggots which soon become orange in color as they feed in the developing seed. The larvae are full grown in 9 to 11 days. The mature larva changes into a dark orange pupa and a new generation of adults will emerge in about 3 days. Fourteen to 16 days are required for a complete life cycle.

How to check grain sorghum heads for the presence of midge - Applications of insecticides after the larvae have entered the grain would be of no value. Mature larvae or the pupae may be dislodged from grain infested with midge by heating the heads on white paper or cloth. The pupal case of this insect may be found protruding from the apex of the damaged seed. The case is difficult to detect without the aid of hand lens.

**CONTROL** - Early planting of grain sorghum is a good practice to follow to avoid midge and sorghum webworm infestations. Therefore, farms should be encouraged to plant the crop as early as practical. Based on yields from grain sorghum planted on different dates at Temple and College Station during 1959, sorghum planted on or before April 2 in the Temple Area received practically no damage by the sorghum midge. The latest planting date for grain sorghum in the College Station Area in which midge damage was not observed was April 22, 1959.

## Land Treatment Important For Watershed Program

Complete conservation treatment of the land is very important in a small watershed program such as is being planned in the Elm Creek watershed.

Land treatment is only one phase of the program. The other phases are construction of flood retarding structures and channel improvement.

Complete conservation treatment of the land consists of proper land use and the application and maintenance of a coordinated program of soil, water, and plant conservation on the land. Such a program will hold and store in the

soil the moisture necessary for crop and pasture production, reduce or prevent erosion and waste of soil, help regulate stream flow, and reduce sediment carried into streams and reservoirs.

A coordinated soil, water and plant conservation program for pastureland consists of the retirement of steep and eroded land unsuited for cultivation to grass, the establishment and management of protective cover on range and pastureland and the construction of farm ponds. On cropland this program consists of cover

crops, conservation cropping proper management of crop residues, grassed waterways, contour farming and terracing.

The important of land treatment in this program is strongly emphasized by the fact that a minimum of 50 per cent of the land that drains into a flood retarding structure must be under agreement with the soil conservation district to carry out a complete conservation program and the installation of the planned practices must be well under way before the structure can be constructed.

## Ideal Weather For Planting Time

By J.D. Moore, County Agent

At last, sunshine and drying winds gave Milam county farmers and stockmen relief from the coldest, wettest winter most folks can remember. With good tractors and farm equipment, no time was lost in getting 70 to 75 percent of the corn and maize planted in good order.

Cultivating, harrowing and disking land for seed bed preparation was noted throughout the county. Canteloupes were planted and limited settings of tomato plants were made. Small grains are looking better and beginning to grow. Some fields have been top-dressed with nitrogen are showing excellent recovery as a result of favorable weather.

A greatly improved livestock situation is reported. Grasses, weeds and other range plants are greening up and cattle are noted moving out over the ranges picking at the green forage in anticipation of a new lease on life. The continued unfavorable weather had caused stockmen to deplete their supplies of hay. One stockman stated that he has fed up what he thought was a two year reserve of hay.

Some stockmen welcomed the favorable weather for spraying cattle for external parasites.

A few conventions of overwintered insects were held to make plans for picnics to be held in neighboring farm and urban gardens. One such group observed were web worms noted on native plum trees in the Hanover community. Joe Mueck reported a visit from

an over-wintered boll weevil. He supposed the boll weevil was a scout sent out by a tribe to check on the cotton varieties, prospects for family life, etc., on the Mueck farm.

Speaking of insects, a small soiled youngster accompanied by his even smaller brother, stopped an elderly lady as she was passing their house. "For a nickle I'll have my brother imitate a hen for you," said the boy.

"And how does he do that, my little man?" asked the lady. "Cackle?" "No Mam," said the little boy. "None of those cheap imitations for us, I'll have him eat a worm."

Liniment salesmen should have had a field day this week as housewives were noted "digging" in their flower beds and doing other yard work.

Fertilize grass for attractive lawns - The spring application of fertilizer on Bermuda or St. Augustine grass should be made about the time the grass is beginning to grow. One pound of actual nitrogen per 1,000 square feet every 20 to 30 days during the growing season will insure an attractive lawn.

Underfeeding of dairy heifers is just as harmful as overfeeding, says Extension Dairy Husbandman A. M. Meekma.

## Cotton Acreage For 1960 Set In Texas

COLLEGE STATION - Texas cotton farmers have expressed their choices and the 1960 cotton acreage for the State is set. They will plant an additional 509,528 acres over the regular allotments as a result of Choice B selections. Tom Prater, extension economist said the final results of the selections - the deadline was March 16 were provided by the Texas Agricultural Stabilization and Conservation office. He said the acreage on Choice A farms adds up to 5,543,000 acres with 283,194 acres of this total under Conservation Reserve contracts. Choice B farms this year can plant a total of 1,783,228 acres.

Prater said the total acreage under both Choice A and Choice B plans now available for Texas growers stood at 7,326,220 acres compared with 6,842,599 acres in 1959.

The 483,621 acre increase over last year's acreage resulted primarily from the selection of the Choice B plan by farmers holding the larger regular acreage allotments, Prater said.

## 4-H Club Notes

By Robert W. Hoermann  
County Ass't Agent

Milam county will have a Junior 4-H Grass Identification team entered in the District Contest in Stephenville, April 9. Team members are Joe Rozner, Glen Hughes and Roy Dean Tomasek.

Now is the time to treat cattle for lice and other external parasites. Use Toxaphene, Lindane, Rotonone, or Malathion. Two applications at 2 weeks intervals of the spray or dip is recommended for cattle grubs or lice.

Use DDT, Toxaphene, Lindane or Malathion in the control of hog lice. Sows with sucking pigs should not be sprayed till weaning time.

The Milam county 4-H Council met Saturday, March 26, in the Baptist Sunday School Annex in Cameron. Plans were made for the King and Queen Contest, Broiler Show Concession Stand and the county 4-H Camp to be held

this summer.

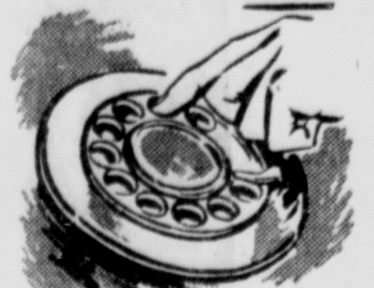

Michael Rek, Milano Junior 4-H Club is fitting a fine registered Jersey heifer for the Rockdale show. The time spent training and grooming the animal before show time pays off in the show ring.

Do not overlook the value of summer pasture for economical beef and milk production. Stagger plantings in different fields to assure succulent growth at different periods. Excess growth can be stored either as silage or hay. Plan a program to fill every cow every day with grass, hay and silage.

The USDA's Market News Service observed its 43th birthday on March 27. The first market report was issued from Hammond, La., in 1915 on strawberries.

The shield-shaped USDA grade mark on a carton of eggs is a valuable quality guide. This mark on the carton or the sealing tape means the eggs inside have been carefully selected for quality on the basis of official standards and under supervision of a Government grader.

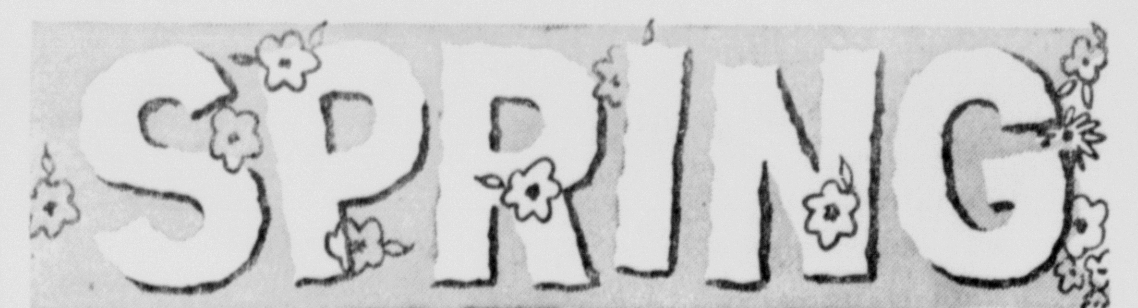

## GET READY FOR HOT WEATHER NOW

Don't wait until hot weather to call your AIR CONDITIONING SERVICE MAN. The time to call is now... before he gets swamped. Call today and be assured of fast, efficient service so your air conditioning system will be in its finest working condition the first hot day of summer.

You'll feel like a king in the new Dodge Dart.

King-size accommodations for a court of six.

King-size gas economy, too. King-size price?

Perish the thought! Dart is a low-priced car!

## So easy on the budget!

## DODGE DART

Every day hundreds of people are making the move to the new Dodge Dart. They heard about Dart's remarkable low price. Its exceptional gas mileage, too. Its smart looks and styling—its many fine-car features. Its solid one-piece Unibody construction. Aren't these the things you want in a car also? See Dart—America's 1st Fine Economy Car!

\*Dodge Dart is priced model for model with other low-price cars
